## CommsChat with James Whatley

A CommsChat discussing engagement currency.

On Monday we were joined by James Whatley and we took a look at how engagement currency can be defined, and which brands are making good use of it. We discussed Heineken's recent experiment with QR codes at the Open'er Music Festival and asked whether there is any future for the QR code.

CommsChat would like to thank its sponsors.

[CommsChat](#) Ok, that's it from me tonight and [@whatleydude](#) - thank you so much! It's been great. [#commschat](#) -9:04 PM Jan 16th, 2012

[haylo PR](#) [@Whatleydude](#) [@jbjon](#) [@commschat](#) [#commschat](#) only to vein PR types. Are we here to look trendy or to deliver a service to our client/employer? -9:04 PM Jan 16th, 2012

[JamesAldousPR](#) [@jeremywaite](#) [@CommsChat](#) these are just examples of poor set-up/testing, there are countless more successful campaign examples [#commschat](#) -9:03 PM Jan 16th, 2012

[JosieRogers](#) [@andynowlan](#) That would be interesting! I'll keep an eye out

for anything more on their effectiveness over the coming months [#commschat](#) -9:03 PM Jan 16th, 2012

[AudiencesEurope #commschat @jbjon](#) QR codes work best with a reward. Ambient participation takes time & incentive. You have to be smart... it has to be fun. -9:03 PM Jan 16th, 2012

[mynewsdesk\\_uk @click2engage](#) yes, touching phones to form a joint message is sweet : ) [#Commschat](#) -9:03 PM Jan 16th, 2012

[AdamFairclough @andynowlan](#) Google Goggles solving Sudoku puzzles - what kind of mad sorcery is this?! [#CommsChat](#) -9:02 PM Jan 16th, 2012

[Whatleydude](#) People of the [#commschat](#) hashtag, you have been amazing. alas, I need to jump off and return to [#marketingacademy](#) duties. Be back soon! :) -9:02 PM Jan 16th, 2012

[click2engage @mynewsdesk\\_uk @CommsChat](#) immediately thought of Valentine's day.maybe niche timewise but could have wide application brand wise [#Commschat](#) -9:01 PM Jan 16th, 2012

[haylo PR @microwavedrama @ AuntySocial #commschat](#) arguably tried and tested methods always the best...everyone-ish loves cake -9:01 PM Jan 16th, 2012

[Whatleydude @jbjon @haylo\\_pr @commschat](#) devil's advocate: but surely that's part of the attraction? [#commschat](#) -9:00 PM Jan 16th, 2012

[andynowlan @commschat](#) It's the way we're going, I think. QR codes more of a stepping stone [#commschat](#) -9:00 PM Jan 16th, 2012

[AugmentedAdvert](#) RT: RT [@haylo](#) PR: [@CommsChat](#) [#commschat](#) QR codes only work if ur audience understand and engage in them as a too... <http://t.co/qUyzP7fo> -8:59 PM Jan 16th, 2012

[AdamFairclough](#) [@Lizziehthomas](#) The thought that teenagers could show a rebellious attitude by scanning a QR code depresses me somewhat! [#CommsChat](#) -8:59 PM Jan 16th, 2012

[andynowlan](#) [@josierogers](#) Agree - much better looking. Would like to see them A/B tested [#commschat](#) -8:59 PM Jan 16th, 2012

[JamesAldousPR](#) [@AdamAzor](#) good idea - integrated into the normal camera view [#commschat](#) -8:58 PM Jan 16th, 2012

[CommsChat](#) [@andynowlan](#) Very excited for Google Goggles to hit the mainstream - if they ever do... [#commschat](#) -8:58 PM Jan 16th, 2012

[microwavedrama](#) [@haylo](#) PR thanks, cake is always a pretty safe bet. By the end of the day, everyone knew about [@AuntySocial](#) [#commschat](#) -8:58 PM Jan 16th, 2012

chill out -8:57 PM Jan 16th, 2012

[haylo\\_PR](#) [@Whatleydude](#) [@jbjon](#) [@commschat](#) [@kevinmarks](#) [#commschat](#) basically are we using the media we like/ latest fad, rather than the media that works -8:57 PM Jan 16th, 2012

[jeremywaite](#) [@CommsChat](#) Top 10 QR fails of 2011 <http://t.co/8IyQ6dMT> An agency told me last week to put QR codes on our website! [#commschat](#) -8:57 PM Jan 16th, 2012

[andynowlan](#) Use Google Goggles on Sudoku & it solves it - that's interactive AR for me. Quicker to type a link than scan QR code IMO [#commschat](#) -8:57 PM Jan 16th, 2012

[mynewsdesk\\_uk](#) [@CommsChat](#) Yes, it is certainly clever. Some of these campaigns may be better PR for the agency that created them tho! [#Commschat](#) -8:57 PM Jan 16th, 2012

[Whatleydude](#) [@FISG](#) define 'half a point' ;) [#commschat](#) -8:56 PM Jan 16th, 2012

[haylo\\_PR](#) [@microwavedrama](#) [@AuntySocial](#) [#commschat](#) fab...techies must have loved them. Great idea, if you get QR codes. Might pinch it for future use -8:56 PM Jan 16th, 2012

[CommsChat](#) RT [@AdamFairclough](#): [@andynowlan](#) [@GemmaWent](#) I think weve hit upon something! May have a beer shower after :- ) [#commschat](#) -8:55 PM Jan 16th, 2012

[Whatleydude](#) [@haylo\\_PR](#) [@jbjon](#) [@commschat](#) [@kevinmarks](#) not sure what you mean... [#commschat](#) -8:55 PM Jan 16th, 2012

[CommsChat](#) [@mynewsdesk\\_uk](#) that is GREAT. pretty niche, but very sweetly done. [#commschat](#) -8:55 PM Jan 16th, 2012

[AdamFairclough](#) [@andynowlan](#) [@GemmaWent](#) I think we've hit upon something! May have a beer shower after :-)) [#CommsChat](#) -8:55 PM Jan 16th, 2012

[AdamAzor](#) [@GemmaWent](#) yeah... we will prob have specific briefs to create that habitual behaviour to interact with brands in that way [#commschat](#) -8:55 PM Jan 16th, 2012

[GemmaWent](#) Final Q: Any community, so long as you match the currency to behaviour [#commschat](#) -8:55 PM Jan 16th, 2012

[mynewsdesk\\_uk](#) In B2B, brands need engagement currency to stand out at events and trade fairs. [#Commschat](#) -8:54 PM Jan 16th, 2012

[JosieRogers](#) [@andynowlan](#) I've seen Snap tags around -they look a bit more attractive than QR codes <http://t.co/W28l7eEZ#CommsChat> -8:54 PM Jan 16th, 2012

[microwavedrama](#) [@haylo](#) [PR](#) definitely, these went down a storm with a room full of hungry techies. Great for [@AuntySocial](#) [#commschat](#) <http://t.co/voMUFBOT> -8:54 PM Jan 16th, 2012

[Whatleydude](#) [@AdamFairclough](#) [@gemmawent](#) beer showers ftw [#commschat](#) -8:53 PM Jan 16th, 2012

[GemmaWent](#) [@adamfairclough](#) I think we may already have beer showers ;) [#commschat](#) -8:53 PM Jan 16th, 2012

[AudiencesEurope](#) [#commschat](#) [@microwavedrama](#) loo que ad space could have just increased in value! has to go to valuable content or the opportunity fall flat -8:53 PM Jan 16th, 2012

[Whatleydude](#) [@AdamAzor](#) agreed! [#commschat](#) -8:53 PM Jan 16th, 2012

[andynowlan](#) [@adamfairclough](#) [@GemmaWent](#) You'd get plenty of people in there with any containers they could find :) [#commschat](#) -8:52 PM Jan 16th, 2012

[Whatleydude](#) "[@AdamAzor](#): [@Whatleydude](#) I think when we have mass NFC adoption for handsets, it will a massive gamechanger for our industry [#commschat](#)" !!! -8:52 PM Jan 16th, 2012

[GemmaWent](#) [@adamazor](#) And it needs to become part of everyday behaviour to get the kind of adoption we need [#commschat](#) -8:52 PM Jan 16th, 2012

[GemmaWent](#) Yup RT [@adamazor](#) [@Whatleydude](#) I think when we have mass NFC adoption for handsets, it will a massive gamechanger for our industry [#commschat](#) -8:52 PM Jan 16th, 2012

[mynewsdesk\\_uk](#) Sorry, this is the Scandinavian Airlines link:<http://t.co/w5CzI7SY> [#Commschat](#) -8:51 PM Jan 16th, 2012

[click2engage](#) [@mynewsdesk\\_uk](#) link returns a page not found for me [#commschat](#) -8:51 PM Jan 16th, 2012

[CommsChat](#) ... could engagement currency be effective in? [#commschat](#) -8:51 PM Jan 16th, 2012

[AdamFairclough](#) [@GemmaWent](#) Nice! Or, if Heineken wanted to get really quirky, they could do 'beer showers'! Would definitely get friends talking. [#CommsChat](#) -8:51 PM Jan 16th, 2012

[CommsChat](#) Just realised we've only got ten minutes left so probably should move onto final topic: outside festivals, what communities ... [#commschat](#) -8:51 PM Jan 16th, 2012

[AmelieMet @CommsChat](#) Phone reception while on the tube is amazing! Not that many people make and receive calls so it is pretty pleasant :) [#commschat](#) -8:51 PM Jan 16th, 2012

[haylo\\_PR @JJHopper #commschat](#) if that means they don't understand them then arguably yes -8:51 PM Jan 16th, 2012

[AdamAzor @Whatleydude](#) I think when we have mass NFC adoption for handsets, it will be a massive gamechanger for our industry [#commschat](#) -8:51 PM Jan 16th, 2012

[AudiencesEurope](#) QR codes as markers to trigger web links is evolving. I discovered QR's coz my N95 had a reader, I googled QR. [#commschat](#) exiting times ^cj -8:50 PM Jan 16th, 2012

[andynowlan @commschat](#) I think brands have had a good go, inc. Heineken, but isn't the real problem that QR codes are limited and a bit dull? [#commschat](#) -8:50 PM Jan 16th, 2012

[AdamFairclough @CommsChat](#) Perhaps they could bring this into wider use; I'm sick of having to look at the Queen's gurning face all the time ;-) [#CommsChat](#) -8:50 PM Jan 16th, 2012

[mynewsdesk\\_uk](#) Did people see the Scandinavian Airlines QR code campaign? Even more fiddly but quite clever: <http://t.co/UIsIsQsJ#Commschat> -8:49 PM Jan 16th, 2012

[CommsChat @AmelieMet](#) I'm jealous! [#commschat](#) -8:49 PM Jan 16th, 2012

[JJHopper @haylo\\_PR](#) yes! QRs are a Shoreditch T-shirt design for most folk [#commschat](#) -8:49 PM Jan 16th, 2012

[AmelieMet @CommsChat](#) Agreed but german tubes have phone and internet

reception. Maybe london is hanging back... [#CommsChat](#)-8:48 PM Jan 16th, 2012

[GemmaWent @adamfairclough](#) Or free showers from personal brand, with free product [#commschat](#) -8:48 PM Jan 16th, 2012

[jgombita @AdamAzor](#) have you seen great TV ad (I think it's for Galaxy) where kid tries to "open" phone copying mustache-dad's "smile?" [#commschat](#) -8:48 PM Jan 16th, 2012

[Whatleydude @AdamAzor](#) cracking point, but no use today (or for Heineken) [#commschat](#) should they use NFC instead? ;) -8:48 PM Jan 16th, 2012

[haylo\\_PR @Whatleydude #commschat](#) being thick perhaps but maybe comms people understand them more than the audience? Does PR love gimics too much? -8:48 PM Jan 16th, 2012

[JJHopper](#) IMO QRs aren't accessible enough for large brands to make use. They aren't cuddly enough or UGC enough to be massively shareable. [#commschat](#) -8:47 PM Jan 16th, 2012

[jeremywaite @Whatleydude @GemmaWent](#) Don't forget that just because you reply to every comment doesn't mean that you're building a community [#commschat](#) -8:47 PM Jan 16th, 2012

[CommsChat @AdamFairclough](#) Read today about a festival where no cash on site-all vouchers. Literal currency that could be branded [#commschat](#) -8:47 PM Jan 16th, 2012

[AdamAzor](#) Everyone talks QR... the real mobile innovation for the future is image recognition. That's when brands will become always on [#commschat](#) -8:46 PM Jan 16th, 2012

[GemmaWent @whatleydude @AmelieMet](#) Well to be fair the ones IN tube stations/on the platform are the irrelevant ones [#commschat](#)-8:46 PM

Jan 16th, 2012

[Whatleydude](#) [@AdamFairclough](#) GREAT idea; useful and helpful. Not currency, but putting the community first. Win. [#commschat](#) -8:46 PM Jan 16th, 2012

[CommsChat](#) [@AmelieMet](#) But no internet access on the tube - so brand relying on you to snap code, save to phone, then look when you emerge? [#commschat](#) -8:45 PM Jan 16th, 2012

[Whatleydude](#) [@AmelieMet](#) er... and if you're ABOVE GROUND [#commschat](#) -8:45 PM Jan 16th, 2012

[AdamFairclough](#) [@Whatleydude](#) What about branded lockers at festivals? Somewhere to safely store valuable items, branded wrist keys and so on...? [#CommsChat](#) -8:45 PM Jan 16th, 2012

[judywhittaker](#) [@CommsChat](#) Any reliable recent data sources on demographics of those most likely to engage with QR codes? [#commschat](#) -8:45 PM Jan 16th, 2012

[alistairbeech](#) Enjoying the chat tonight folks. Toyota's ToyoTag is a decent QR code case study: <http://t.co/tc6F9DZQ> [#CommsChat](#) -8:44 PM Jan 16th, 2012

[andynowlan](#) [@gemmawent](#) I'd rather say hello than spend 5 mins trying to get the right angle on someone's arm I think ;) [#commschat](#) -8:44 PM Jan 16th, 2012

[microwavedrama](#) [@AudiencesEurope](#) a bit like the queue for the loos? [#commschat](#) -8:44 PM Jan 16th, 2012

[AmelieMet](#) QR codes are also found on ads on the tube. Takes u to their website. Works relatively well if big enough for the phone to read [#CommsChat](#) -8:44 PM Jan 16th, 2012

[AudiencesEurope](#) [#commschat](#) QR codes have various uses before after and during events. to share... quick response... gather, but I return to complicity -8:44 PM Jan 16th, 2012

[Whatleydude](#) RT [@andynowlan](#): [@whatleydude](#) Just seems to me the interested audience is pretty slim to begin with, but nitpicking ;) [#commschat](#) -8:44 PM Jan 16th, 2012

[FISG](#) [@Whatleydude](#) I liked the music. But not many people use QR codes, is that your point? [#commschat](#) -8:44 PM Jan 16th, 2012

[JosieRogers](#) [@whatleydude](#) yeh, suppose so. [#commschat](#) -8:44 PM Jan 16th, 2012

[Whatleydude](#) [@FISG](#) no it isn't :P [#commschat](#) -8:43 PM Jan 16th, 2012

[CommsChat](#) [@mynewsdesk\\_uk](#) [@jamesaldousPR](#) find it so frustrating the amount of QR codes you see on the tube-so pointless! [#commschat](#) -8:43 PM Jan 16th, 2012

[andynowlan](#) [@whatleydude](#) Just seems to me the interested audience is pretty slim to begin with, but nitpicking ;) [#commschat](#) -8:43 PM Jan 16th, 2012

[microwavedrama](#) [@AdamFairclough](#) to be fair, anything free goes down well at festivals. I recall shifting 5000 hideous glowing necklaces in 2 hrs [#commschat](#) -8:42 PM Jan 16th, 2012

[Whatleydude](#) RT [@haylo](#) PR: [@CommsChat](#) [#commschat](#) QR codes only work if ur audience understand and engage in them as a tool. -8:42 PM Jan 16th, 2012

[Whatleydude](#) [@haylo](#) PR which, to be fair, is a huge part of why they fail in Europe [#commschat](#) -8:42 PM Jan 16th, 2012

[judywhittaker](#) [@CommsChat](#) Hi, enjoying the chat. Agree that Heineken don't exploit potential in brand with Ucode campaign but brave 1st move. [#commschat](#) -8:42 PM Jan 16th, 2012

[AdamAzor](#) [@JamesAldousPR](#) smart use, still think QR triggers needs 2 be build into the standard camera functionality rather than stand alone [#commschat](#) -8:42 PM Jan 16th, 2012

[Whatleydude](#) [@andynowlan](#) [@commschat](#) that's a bit niche, but I get the point [#commschat](#) -8:42 PM Jan 16th, 2012

[jgombita](#) [@AdamFairclough](#) :-)) Heineken might regret just how much conversation would come out/how loud, following free beer giveaways. [#commschat](#) -8:42 PM Jan 16th, 2012

[FISG](#) Nice work RT [@CommsChat](#): Ok, next topic - has everyone had a

look at this? <http://t.co/l31zOhSc> #commschat via @whatleydude) -8:41 PM Jan 16th, 2012

[LizzieThomas](#) I agree- RT [@HewstoneW](#): For teenagers, I can tell you QRs are ideal. #commschat -8:41 PM Jan 16th, 2012

[Whatleydude](#) [@JosieRogers](#) but the charging dully is the thing that brings them to the charging points? #commschat -8:41 PM Jan 16th, 2012

[mynewsdesk\\_uk](#) [@JamesAldousPR](#) yes, there is potential there, as long as we remember what it is: a graphical version of a hyperlink. #Commschat -8:41 PM Jan 16th, 2012

[haylo\\_PR](#) [@CommsChat](#) #commschat QR codes only work if ur audience understand and engage in them as a tool. -8:41 PM Jan 16th, 2012

[GemmaWent](#) [@andynowlan](#) Or share a beer #commschat -8:41 PM Jan 16th, 2012

[jgombita](#) That's so true [@andynowlan](#). My memories of first Police Picnic in farmer's field convos are very vivid, decades later. [@commschat](#) #commschat -8:40 PM Jan 16th, 2012

[JamesAldousPR](#) Showtime's Homeland drama used QR codes for extra background content to enhance tv story - codes ran in print media like Wired #commschat -8:40 PM Jan 16th, 2012

[andynowlan](#) [@commschat](#) Many people who care about tech wouldn't risk taking smart phones to festivals, does this limit potential even more..? #commschat -8:40 PM Jan 16th, 2012

[CommsChat](#) Ok, topic no.4 for tonight: QR codes as a medium for engagement – do they work? Has anyone cracked it - and if so who? #commschat -8:40 PM Jan 16th, 2012

[Whatleydude](#) [@AdamFairclough](#) [@click2engage](#) to e fair to them, the actually festival was branded HEINEKEN. \*shrug\* [#commschat](#) -8:40 PM Jan 16th, 2012

[AdamFairclough](#) If Heineken want to get people talking at festivals, how about some free beer - what could be better 'engagement currency'?! [#CommsChat](#) -8:39 PM Jan 16th, 2012

[CommsChat](#) RT [@AudiencesEurope](#): with battery power at a premium... solar charge towers an awesome item of engagement currency at festivals [#commschat](#) -8:39 PM Jan 16th, 2012

[GemmaWent](#) [@hewstonew](#) Interesting, how so? [#commschat](#) -8:38 PM Jan 16th, 2012

[andynowlan](#) [@commschat](#) Campaign is OK but using tech for tech's sake IMO. People have been talking to each other at fests for years... [#commschat](#) -8:37 PM Jan 16th, 2012

[CommsChat](#) The problem to me with U-Code is that it's a good idea that Heineken only got halfway through thinking about before implementing [#commschat](#) -8:37 PM Jan 16th, 2012

[AdamFairclough](#) [@click2engage](#) Agreed. I think Heineken's use of QR codes was quite sweet, but the lack of branding made it somewhat ineffectual. [#CommsChat](#) -8:36 PM Jan 16th, 2012

[Whatleydude](#) [@VenturaBlvd](#) I actually agree with you. [#commschat](#) -8:34 PM Jan 16th, 2012

[AmelieMet](#) [@GemmaWent](#) Agree. [#CommsChat](#) -8:32 PM Jan 16th, 2012

[CommsChat](#) [@GemmaWent](#) Think that's exactly it. Also as James points out (may be in comments) it gives us no. of codes created - not scanned [#commschat](#) -8:32 PM Jan 16th, 2012

[click2engage](#) [@CommsChat](#) QR campaign is a great idea & carried over into social media, but QR codes could have included some branded content too [#commschat](#) -8:32 PM Jan 16th, 2012

[mynewsdesk\\_uk](#) Personal view (views of other Mynewsdesk users may vary...): QR codes as brand building tool are lame. But I like for product info. [#Commschat](#) -8:32 PM Jan 16th, 2012

[Whatleydude](#) [@JosieRogers](#) disagree (which is where the whole post came from) the QR code usage is terrible ;) [#commschat](#) -8:32 PM Jan 16th, 2012

[andynowlan](#) Jumping into [#commschat](#) - One person might see their flag on TV later and like it, but 50 can't see the stage at the time! -8:31 PM Jan 16th, 2012

[GemmaWent](#) Ok'ish idea. But took people away from where they want to be (at the stage) + relies on mobile signal. Tech for techs sake? [#commschat](#) -8:30 PM Jan 16th, 2012

[AdamFairclough](#) [@jgombita](#) Ha! Hello, it's good to be back in the discussion ring shaking things up once more! [#CommsChat](#) -8:30 PM Jan 16th, 2012
